MENTORING SYSTEM

The Institute has a structured system of Mentoring for its students. Under process of mentoring, the mentor (teacher) acts as a role model, guide, tutor, coach or confidante. The message is that mentees (students) are worth their time and effort because they are valuable. With their expertise, words and example, they help in the expansion of the mentor's horizons and increase their chances of success. The process of Mentoring begins in the First year of a student's stay at the Institute and continues even during the student's professional **career**.

COUNSELLING

The motto of the Counselling Cell at HBS is -"To live, to err, to fall, to triumph, to recreate life out of life." The sole purpose is to help students to help themselves through exploration of their capacities and potentials, and to create a feeling of self confidence which will give them a more positive outlook on life. Students talk in confidence to the full-time Counsellor about anything that benefits them.

TRAINING & PLACEMENT

The Training & Placement Cell continuously co-ordinates with various industries and organizations for Training and Placement of students. Each year, year on year, it successfully assists in placing a high percentage of students in industry. It actively obtains feedback from organizations and conveys it to respective Departments which, in turn, train students accordingly, thereby increasing their employability. The Placement Records over the past few years are testimony to the acknowledgement by the Corporate Sector of the acceptable quality of the students.

PRE-PLACEMENT TALK

The Pre-Placement Talk (PPT) is a platform where company officials address the batch about their respective company's background, philosophy, values, ethos and share details about the profiles offered, the eligibility criteria, the selection processes, compensation and other details. The PPT facilitates the process of substantiating the aspirations of the budding managers and business leaders to join the corporate world. The companies look forward to attracting the cream of the talent from leading business school like HBS. The thorough selection process at Heritage culminates in the evolution of highly competitive student community, with valuable work experience cut across various sectors, such as financial analysis, portfolio management, consultancy services, sales and distribution providing an opportunity for the companies to select from a large varied talent pool.

INTERNSHIP PROJECTS

The Internship Programme enables the students to get first hand experience of the business environment in the functional areas of their interest. The Internship is intended to be an intensive learning experience for the students. It offers them an opportunity to map the theoretical understanding of the General Principles of Management gained in the first year to real life business situations. The Companies, at their end, evaluate the students for suitable employment. Companies usually define the scope of the internship project based on their current requirements. Typically, the project has a quantifiable outcome that can be measured in the end. Student internships are generally defined for a period of 6-8 weeks during the period of June 15 - August 14.”

ALUMNI ASSOCIATION

Alumni are the brand ambassadors of any institute. The Alumni Committee of HBS is comprised of Faculty members, Alumni members and students from the existing batches and its structure is revised in the month of August, every year. The aim of HBS – Alumni Association is to establish a well-knit network that will foster a sense of community and belonging among alumni members across batches with the institute. The connectivity thus established will open up avenues for symbiotic and productive outputs in terms of higher job opportunities, knowledge sharing creative partnership, guidance and counseling. The functions of the Alumni Committee is to update the alumni database, to organize annual Alumni meet, to integrate the Alumni of HBS through ALMA CONNECT social networking platform and also to invite Alumni members as guest speakers in Industry Institute Interface (III) sessions.

ALUMNI MEET

The alumnus considered to be an integral part of the B-school. Apart from using software specially designed for the alumni to stay in touch with them, HBS organized an annual re-union called SMRITI. This is held on the second Saturday of February every year. With the help of our faculty members teams of students design the programme and events. This gives the current students a wonderful opportunity to connect with former students who can become their mentors and friends.

CONCERN FOR ENVIRONMENT

In a step towards a greener future, Heritage Group of Institutions has installed a 100 kWh rooftop solar power plant—West Bengal's first of its kind—supported by WBREDA and MNRE. Harnessing India's abundant solar energy, this initiative helps reduce carbon emissions and address electricity scarcity with clean, scalable power.

ELIGIBILITY
