Message from Chairman, Kalyan Bharti Trust

It gives me immense pleasure to state that Heritage Group of Institutions continues to follow the path of excellence upholding the values of our Country.

This year, the students of The Heritage School (THS) performed well in the ICSE and ISC 2019 examinations. I wish all the best to the toppers, especially Aratrika Pal, for scoring the highest in ISC 2019 examination from the School and also securing the third position in the country.

On the other hand, Ms. Sayantika Ghosh, a student of Heritage Institute of Technology (HITK), topped the country in GATE examination 2019 in the stream of Biotechnology. HITK received the 'Best Engineering College of the Year' award in the Country by ASSOCHAM India and also had been ranked No.1 in West Bengal by Education World in 2019.

I am also proud of our Alumnus Saurabh Suman Yadav of HITK who cracked the UPSC examination 2018 securing 55th rank in the country. Moreover, this year, two of our Alumni members of HITK, Dr. Amit Kumar Singh and Ms. Manikuntala Mukhopadhyay received the Gandhian Young Technological Innovation Award, 2019 from the Honourable Vice-President of India, Shri Venkaiah Naidu. Not only this, several alumni members of HITK have also graduated from some of the world's best universities like Stanford, Harvard, MIT, Oxford, Cambridge etc and are doing extremely well in advancement of education, contributing significantly towards research and development.

One of the students of HITK, Mayurakshi Mukherjee has won a silver medal in the Asian Indoor Rowing Championships 2019. HITK students excelled not only in academics but also in extra-curricular activities making us proud.

All these would not have been possible without the support of our fellow Trustees. I also thank the students, faculty, staff, alumni and well-wishers for their continued support and endeavor in helping us in fulfilling our Vision.

High Achievement Youth in Photography

Anakin Banerjee, an amateur photographer and a Class 4 student won accolades and recognition for his pictures that he had clicked in his recent expedition to Varanasi.

Anakin Banerjee

Of: Rosedale Garden, New Town

Achievement: Certified as High Achievement Youth by Image Collague Society, US, a photography society

The nine-year-old amateur photographer is reportedly the youngest from India to get this recognition. Earlier this month, he got a bronze medal in the travel category from the Wildlife Photography Association of India for a picture he had clicked during a family vacation in Varanasi (below). This is his second medal in the same category in consecutive years. "I find sadhus very interesting as subject," said the boy, who is so named by his parents who are "great fans of Star Wars".

Anakin has been clicking for about a year now ever since his mother handed him her Olympus camera. From the start, he has been taking pictures in the manual mode. "My father taught me how." Now he has enrolled in his father Soumik's photography classes at the Calcutta School of Contemporary Photography at City Centre. He is an enthusiastic drummer too

and can't choose between his two passions.

Winning Post Doctoral Award at Harvard Medical School, Harvard University

Emil A. Pfitzer Drug Discovery Student Award Fund

Recipient: Souvarish Sarkar

Award Year: 2018

Current Degrees:

Institution/Affiliation: Iowa State University

Mr. Sarkar was not expecting to receive the award and hence missed the reception. But it was a pleasant surprise and will help him with his professional goals.

His current focus of work is to elucidate the role of microglial cell chemokines in neuroinflammation in Parkinson's disease (PD) models. Recently, he found that one particular chemokine is highly upregulated in PD animal models as well as postmortem PD brains. He has further showed that in animal models of PD and in primary culture blocking this chemokine has an anti-inflammatory and neuroprotective effect. He has utilized both genetic knockout and PAR-1, a pharmacological inhibitor of M1.3 in clinical trial, to show the anti-inflammatory and neuroprotective effect.

Souvarish Sarkar, an Alumnus of HITK, B.Tech-BT (Batch 2009-13) received the Emil A. Pfitzer Drug Discovery Toxicology SS Post Doctoral Award, SOT 2019 at Harvard University, USA in the month of March this year.

Prof. (Dr.) Arup Kumar Raychaudhuri addressing the audience

After her speech, Prof. (Dr.) Arup Kumar Raychaudhuri addressed the students and said that such competitions create a platform for the students to learn things like leadership, team building, time management, delivering quality output and also make the students a participant of the process rather than observer of the process. Dr. Arpan Pal focused on the technical aspects of Innovation linked with these kind of competitions. Moreover, he stressed on the fact that innovation should have some positive impact on society. Stressing on the technical part, he said that in the field of Artificial Intelligence, Computer Science Engineering have lots of scope but Data Analysis which is the pillar of the subject, the role of sensors have lots of importance in the same. Delivery of a good quality data depends solely on a quality sensor and here comes the role of Applied Electronics and Instrumentation. He also asked the students to learn the art of networking skills which is very much important to create synergy within the system.

SHRI BASANT KUMAR BIRLA

(12 January 1921 - 3 July 2019)

Condolence Message

The Trustees of Kalyan Bharti Trust, members of Faculty, Staff members and students of the Heritage Group of Institutions deeply mourn the sad demise of Shri Basant Kumar Birla, the youngest son of industrialist and philanthropist, Shri Ghanshyam Das Birla.

Shri Basant Kumar Birla's mission to create ideal citizens of India, effective and progressive, yet rooted in traditional Indian values, gave birth to institutions of great repute and many Charitable Trusts. An Art Centre, with an enviable collection of paintings and sculptures and Kalamandir are also his legacy to the city of his birth, Kolkata.

A legend in his own right, his demise is a great loss to the cause of value-education and philanthropy in the country. He was also one of India's celebrated and respected industrialist.

His passing away is an irreparable loss for the nation.

We deeply share in the bereavement of his family members and pray to the Almighty that his soul may have Eternal rest.

Message: "In these times of rising political cynicism, religious fundamentalism and growing xenophobia, theatre needs to be a primary weapon of change. Theatre as a whole should bombard the audience's consciousness to such an extent that they are moved to both ethical and positive action. That spirit of change must be fuelled by theatre in men and women of our society," said Suparna Ghosh, a third-year student of The Heritage College.
