Message from Chairman, Kalyan Bharti Trust

At Heritage, we put stress on the practical applications of knowledge so as to make the students ready for the Industry. During this time, amidst the Covid-19 pandemic, we have organized various industry oriented webinars, online events and many more to give the students the right knowledge which will prepare them for the future. I feel proud to state that once again The Heritage School & Heritage Institute of Technology were ranked # 1 Co-ed Day Boarding School & Private Engineering College in West Bengal respectively in the Education World School & Higher Education Rankings 2021. Moreover Heritage Business School was ranked #1 B-School in West Bengal with an All India Rank # 39 in the Education World B-Schools Ranking 2021. On the other hand, The Heritage College topped the State in the Education World Higher Education Ranking Survey 2021 bagging a #7 rank in the Country.

During this time, The Heritage School as well as Heritage Institute of Technology organized its 20th Foundation Day completing 20 years of excellence in School and Higher Education.

All these events would not have been possible without the efforts of our faculty, staff, alumni, parents and well-wishers. I thank my fellow trustee members for supporting us in this noble cause. In future we are planning to establish a Design Institute, a Medical College and finally a University.

Wish you a **Happy New Year 2022**
